RE: Letter of Recommendation

To whom it may concern,

We have worked with The Sack Company for many years and have found them to be a very knowledgeable, reliable and responsive whenever needed. We consider them to be a professional member of OUR team on all of our projects. We no longer consider them to be just a subcontractor on our project sites, but a partner.

The Sack Company is also very customer oriented on our projects making sure the overall project is a success. They see the big picture, in that the owner is also satisfied and do all they can to assist us with schedules and staying on or ahead of theirs so no one is waiting on them.

We would not hesitate in using The Sack Company for all of our future projects and would highly recommend them to anyone if asked. They perform all their work in a safe and timely manner, and do all they can to finish on time, all the time!

Please feel free to call me if you would like to discuss this further.

Best Regards,
